

Lake Linden-Hubbell Schools COVID-19 Case Reporting	2020-2021
--	------------------

Official cases, as determined by the Western Upper Peninsula Health Department will be reported here daily as confirmed cases arise. We are required to share the information below but we are not allowed to share specific information about a positive case or a quarantine staff member or students as this is a violation of HIPPA and FERPA laws. If a student or staff member has been identified as part of the contact tracing, you will hear from the health department directly or from a school administrator.

Total staff population 56	Emergency Order Under MCL333.2253
Total student population 366
